Additional information:
Contrast stitching available.
Please refer to samples.
Two-tone combinations not available.

Offset Seams:

Please note that the seat seams will NOT align if a sku with a standard seat depth is ordered with a sku that has an extra deep seat depth.

Upholstery Information

Material and leather stretch under the pressure of body weight, which can create a relaxed visual appearance over time. This visual change does not influence the usage, function, or life span of the upholstery and does not represent a material defect.

All measurements are approximate: width/depth/height/seat height.
Seat depth 23", arm height 18", arm width 15". Line drawings are in 1/4" scale.
